**Management comments**

**Commenting on the results, Dr. Rajib K Mishra, Chairman & Managing Director, PTC India Ltd., said**

*"We are pleased to share our financial results for Q2FY24, presented in both standalone and consolidated formats.*

*We have experienced a remarkable growth in profitability in the consolidated quarterly numbers, a 46% increase, driven by growth in core margins, efficient working capital management and improved contributions from our subsidiaries and associate company. Our core margin saw an increase of 16% during this period. Overall, the holding company, the two subsidiaries and the associate company, HPX, all have shown good growth during the quarter.*

*In a significant development, the monetization of our wholly-owned subsidiary, PTC Energy Limited (PEL) has reached a significant milestone with Oil and Natural Gas Corporation Limited (ONGC) being identified as the highest bidder for acquiring PTC's 100% equity stake in PEL. The PTC Board has already accorded its approval for this outcome which was the result of transparent bidding process. The completion of the process is expected in the coming months, pending approval from our shareholders and other statutory compliances.*

*The company also received a dividend income of INR 41.75 Crores from its other subsidiary, PTC India Financial Services (PFS).*

*Furthermore, the Hindustan Power Exchange (HPX), backed by PTC, is making remarkable progress in its business operations. HPX is steadily growing its market presence and establishing itself as a trusted and effective platform in the power markets"*

### **About PTC India Limited**

PTC India Ltd., a Government of India initiative, is the pioneer in starting a power market in India. The Company has maintained its leadership position in power trading since inception. PTC has also been mandated by the Government of India to trade electricity with Bhutan, Nepal and Bangladesh.

The trading activities undertaken by PTC include long term trading of power generated from large power projects including renewables as well as short term trading arising as a result of supply and demand mismatches, which inevitably occur in various regions of the country.

The Company is credited with a number of products in the electricity trading market to meet the divergent needs of the customers. Driven by the vision of shaping a vibrant power market, PTC has been providing value-added services to its clients and built trust as a reliable partner. The electricity traded from cross border resources is a significant component of the total electricity traded by the Company.

PTC is a unique example of a successful public-private partnership with major PSUs of the Ministry of Power, Government of India as promoters and a widely held ownership interest. The diverse composition of its Board of Directors includes eminent people as independent directors.
